

Pre-cooler with recirculation

TVFC adiabatic cooler

1. Fan-motor combination
2. Left coil
3. Right coil
4. Pre-cooling pad
5. Adiabatic controller
6. Immersion sensor
7. Air sensor
8. Solenoid valve
9. City water flow regulating valve

Only for Pre-cooler with recirculation

10. Electric water level control
11. Pump
12. Pump flow switch
13. Strainer
14. Flow regulating valve pump
15. Ball drain valve

Spare parts for adiabatic cooler
